

Specially designed cylinders for heavy duty tanker tipper applications

- Maximised payload and profits with increased lift capacity and side load resistance
- The fastest tipping speeds on the market for optimum site turnaround times
- No down-time worries with the ultimate reliability of an Edbro fit and forget product
- Double acting final stage allows hydraulic power down of the tanker body

Features

- One-piece tube construction and increased tube contact faces allow faster tipping speeds ①
- Double acting final stage to help lower tankers with heavy doors ② ③
- Unique 5 point sealing system reduces friction for years of smooth, trouble-free operation ④

Model Code	Lift capacity (t)	Maximum stroke capacity (mm)
CB11-3	21 – 38	4015
CB11-4	14 – 27	4602
CB13	21 – 48	4761
CB15	31 – 51	5583
