ProTech Slider
Less weight, more robust, simply better

- The weight is reduced by 25 kg compared to similar products of competitors
- Also suitable for frames with new oval holes (e.g., new Actros)
- There is a double wrap-around, making the profile extremely safe
- Self-locking mechanics, meaning the blocking pieces will always remain in the right position
- Optimal relation of "traversing length to overall length"
- Easy and safe to use
- Guide bars in throat of fifth wheel coupling to correctly position king pin
- Optional with Sensoric (3 sensors)
- Optional with LubeTronic 1Point
- Optional with pneumatic or mechanic system
- Optional Fleet Master handle
- Especially robust and long lasting through highest quality
# ProTech Slider

## Technical Specification

### Example of an order number – JSK PO E0 71 20 AA

- Fifth wheel coupling
- Mounting height
- Variants (handle/maintenance)
- Customer hole pattern

**Order key for ProTech Slider**

- JSK PO
- E0
- 71
- 20
- AA

**Order No.**

- JSK PO
- E0
- 71
- 20
- AA

**Explanations:**

- **W** = Low-maintenance version

**available with**

- Sensotec
- LubeTronic 1P
