

Automatic lubrication of the fifth wheel guaranteed for 3 years*

Always lubricated safely

- The special coating on the lock jaw makes the surface extremely durable. This allows the lock jaw to be operated with a minimum amount of lubricant.
- Excellent emergency running properties allow the coating to handle short-term operating even without lubricant.
- Outstanding lubrication qualities thanks to novel lubricants from high-performance grease and continuous lubrication
- Temperature range: -20°C to $+70^{\circ}\text{C}$
- Electronic dose dispensing reduces both costs and environmental impact
- Completely sealed and immersion tested (IP 68)
- Also suitable for use in transport of hazardous materials (ADR)

Easy Maintenance

- LubeTronic is easy to mount
- Self-regulating system with electronic monitoring signal on the cartridge
- Guaranteed 3 years or 300,000 km life span depending on which is reached first
- No manual lubrication
- Potential upgrading of all low-maintenance couplings
- Very light and compact
- With vibration-resistant suspension
- For application in long-distance transport
- Repair kit (complete) with lock jaw and lube cartridge: Order No. SKE 004070100

* According to JOST Guarantee Conditions respectively in force
www.jost-world.com/en/products/gtc-and-guarantee-conditions.html

JOST

- 1 Fifth wheel couplings and systems**
2" and 3½" fifth wheel couplings in a variety of construction heights, bearing types and versions, mounting plates, sliders and dual-height fifth wheel systems; sensor-controlled systems for the coupling procedure between truck and trailer

- 2 King pins**
2" and 3½" king pins with a conical or plate-shaped flange

- 3 Landing gears**
Landing gears with variable bolting heights, crank handles, connection shaft-lengths and foot types, special landing gears for special applications

- 4 Axle systems**
Wide range of weight-saving trailer axles with additional special equipment

- 5 Hubodometers**
Used to calculate distance driven, independent of the truck

- 6 Ball bearing turntables**
Ball bearing turntables and slewing rings in a wide range of sizes and versions

- 7 Container technology**
Components for intermodal transports, supports, twist locks and bolsters, swap body lifting devices, guide roller bearings and bearings

ROCKINGER

- 8 Road traffic**
Open-end, hook and ball towing hitches, suspension elements, VARIOBLOCK alternating system and special models

- 9 Drawbars and towing eyes**
Drawbars and towing eyes as well as custom-made products for on and off-road usage

- 10 Agriculture**
Open-end, hook and ball towing hitches, height adjustable brackets and clutch carriers for agriculture and forestry

TRIDEC

- 11 Steering systems**
Axel-independent or manufacturer-independent mechanically, hydraulic and electronically controlled steering systems for trailers

- 12 Axle suspensions**
Air suspension or hydraulically suspended axle suspensions for on and off-road usage

Edbro

- 13 Vehicle-mounted hydraulic systems**
Front end, underbody and tipping ejector cylinders for trucks and trailers/trailer tippers

- 14 Customer-specific hydraulic component kits**
Hydraulic component kits for various applications, chassis-specific hydraulic container component kits
